OREGON NEWS TODAY

Given Public Bath.
Pendleton, Ore., July 14.—Many citizens of Pendleton were recovering today from the horror of seeing a mob of several hundred men leading a man down the street with a rope around his neck last night. A lynching seemed certain.

Unwritten Law Again.
Lakeview, Ore., July 14.—Under arrest on the charge of shooting and killing Ray Curtis, J. B. Anten, a retired hardware dealer, declared today that he had found his wife sitting on his victim's lap.

Aged Veteran Demented.
Roseburg, Ore., July 14.—Found demented by a sanity commission, Charles R. Stimpson, 77, who Monday killed Alexander Church, 88, a civil war comrade, by beating him with a cane, was awaiting removal to the state hospital today.

THEY ALL DEMAND IT

Banks Back Stock Industry.
Corvallis, Ore., July 14.—The banks of Union county have decided to aid the stock industry by lending money to girls and boys with which to purchase pure bred pigs for raising purposes, according to a letter received today by Professor F. L. Griffin, state leader of the industrial club project.

NATIONAL GUARD BOYS INDULGE IN REAL BATTLE

Gearhart, Ore., July 14.—As the result of a miniature battle in the "soldiers' home" restaurant at Seaside last night in which catsup bottles and dishes were used as projectiles, Private McDonald and Corporal, of the O. N. G., are in the guardhouse today facing serious charges, and Second Lieutenant Pillsbury is nursing sundry bruises.

DRINK MORE WATER IF KIDNEYS BOTHER

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Salem evidence of their merit.

Chicago Herald: Assassination or attempt at assassination is a method of political and social protest which this country resolutely refuses to assimilate.

More Than a Fad

THERE'S SOMETHING EXTRA ORDINARY about a make of suits that people ask for season after season. THAT'S JUST WHAT HAS BEEN GOING ON with the Bishop line ever since we decided to offer it to our patrons. BUT WE ARE NOT SURPRISED IN THE LEAST. Bishop's All Wool Suits are 30 years old and the older they get the better they get. THEY PLEASE YOU TO THE VERY LAST DAY you wear them—so do the prices,

HOP MARKET LOOKING UP; CROP SITUATION NOT MOST PROMISING

London Buying Briskly and Old Crop Almost Gone—No Future Dealing

Reports from England continue to confirm the serious conditions which prevail in the hop gardens over there and the market for Pacific coast spot hops, although the supply is exceedingly limited, is looking up very encouragingly for the coast grower. Spot hops are selling in California at 12 1/2 cents, the highest price yet paid for hops in that state. During the past week 2,500 bales of California hops are reported to have been sold. In fact business is almost entirely confined to California, there being not to exceed 450 to 500 bales of 1914 and olds remaining in growers' hands in Oregon, and the total hops remaining on the coast is estimated at not to exceed 9,200 bales and these will be cleaned up easily before the new crop comes on.

Latest cable advices from London state: "Market is very firm. No improvement in crop prospects. At present weather is fine." Crop conditions in Oregon at the present time are the source of much worry on the part of the growers as the continued damp and cloudy weather is conducive to the aphid and they are spreading at an alarming rate, although the majority of the growers are spraying assiduously and trying to keep the pest in check. Many of the growers, however, "who never have and never will spray" are following out their old policy of refusing to become alarmed under any circumstances and the consequences may fall heavily upon some of these who may awake to find themselves with a very limited and inferior crop of hops.

Since the Oregon hop growers association contracted for 13 1/2 cents for a big block of 1915 there has been little or no trading in futures in Oregon at any price, growers preferring to hold out and take a chance with the market when the new crop comes on. Dealers place the estimate of this year's Oregon yield at between 140,000 and 150,000 bales, a considerable increase over that of last year, but the growers' association while not in a position as yet to offer any kind of a forecast in the absence of accurate and reliable data, do not believe conditions warrant the prediction of little, if any excess over last year's yield for the state.

The largest of the California deals was the purchase by Wolf of the Hewlett crops of 1914 and 1915 Sonoma, 1,319 bales in all. Donovan bought 500 bales of Mendocino from Blalock. McNiff Bros. purchased the Gerber lot of 100 bales at 8 1/2 cents and Hurst bought 200 bales of Sacramento from the Del Paso company at 8 cents. The California contract market has also been more active. Flint contracted with White & Terry for 200 bales of Sacramento at 11 cents and Wolf closed Sonoma contracts at 12 cents.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take a Glass of Salts to Flush Out Kidneys—Drink Plenty Water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys elop you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Portland Iron Works May Make Shrapnel

Portland, Ore., July 14.—That iron manufacturers of Portland will soon be engaged in the making of shrapnel for European belligerents was the report here today.

An officer of the Willamette Iron and Steel Works, is said to have admitted that his firm had been negotiating with agents of either the British or Russian government with a view to accepting a large contract.

Other iron works are understood to be considering turning their plants into shrapnel factories.

BRYAN IS SUNBURNED.
Hermosa Beach, Cal., July 14.—Healthily sunbathed, William J. Bryan was on the sands early today for his usual dip and promenade. His program included a trip to Long Beach, where he planned to speak in the municipal auditorium. Just after addressing Hermosa citizens on the "Causeless War" he viewed a sham battle staged for his special benefit by movie actors at Universal City.

U.S. COMMISSIONER OF EDUCATION CLAXTON, LECTURES IN SALEM

Will Address Monmouth Normal Students and Public at High Auditorium

Monmouth's misfortune is Salem's fortune; or, "It's an ill wind that blows no one good" are two quotations which apply to a combination of circumstances which have transpired as a result of which United States Commissioner of Education P. P. Claxton, who is making a tour of the coast, will be in Salem, Thursday (tomorrow) July 15, and will give a lecture before the students of the Monmouth normal school and all the teachers of Salem and the people of Salem who are interested in educational problems, at the high school auditorium.

Commissioner Claxton, one of the most eminent authorities upon educational matters in the United States, is the most active commissioner who has ever occupied the office and is the only one who gets out among the teachers and people of the different states and lectures upon the subject for the benefit of the general advancement of the educational system of our nation. He was to have delivered his lecture at Monmouth today but was a day late in his itinerary and could not meet the appointment until tomorrow. Inasmuch as between 450 and 500 students of the Monmouth normal and people of the community have made preparations to be in Salem to view the Liberty bell tomorrow, arrangements were made for Commissioner Claxton to lecture here instead when "two birds could be killed with one stone."

"Salem is particularly fortunate in having this opportunity to hear Commissioner Claxton," said City Superintendent Elliott, this morning, in making the announcement. "All are cordially invited to attend this lecture."

SWIMS SEATTLE HARBOR.

Seattle, Wash., July 14.—H. E. Horan, ex-Harvard professor of physical culture, yesterday swam across Seattle harbor, a distance of four miles, without a sign of exhaustion after finishing two hours. His time was 105 min. Two swimmers have lost their lives in previous attempts at the same feat.

Great Crowds Greet Liberty Bell At Seattle

Seattle, Wash., July 14.—An enormous crowd of patriotic Seattle citizens and thousands of visiting Shriners shouted a noisy welcome to the Liberty bell when it arrived here on a special train at 9:15 o'clock this morning.

Mayor Gill, Governor Lister, members of the city council, state officials, a marine band and company of marines from Bremerton, a company of United States soldiers from Fort Lawton and veterans from the old soldiers' home, were in attendance.

Mayor Gill, in a short address, welcomed the bell and the delegates from Philadelphia. Mayor Blankenburg responded. The visitors were then escorted to the city hall park, where a patriotic program began at 10 o'clock. The bell was on exhibition until it left at 2 p. m.

Exposition Prepares For It.

San Francisco, July 14.—All San Francisco and thousands of Panama-Pacific exposition visitors are preparing today to give the Liberty bell when it arrives here Saturday, the greatest reception received on its trans-continental tour.

Every school boy and girl in the city will go to the exposition where the bell will be on exhibition in the Pennsylvania building.

Blind People to Feel Bell.
Portland, Ore., July 14.—The blind people of Portland will visit the Liberty bell tomorrow as guests of Mayor Alben.

A police escort will be provided for them and they will be allowed to feel the historic relic.

Watch Meeting at Ashland.

Ashland, Ore., July 14.—Although the Liberty bell will reach here at 2 o'clock Friday morning arrangements were completed today for a watch meeting and the citizens will turn out en masse to view the relic.

HONOR NEW ELKS' OFFICERS.

Los Angeles, Cal., July 14.—All honor was paid today to the newly elected grand exalted officers of the Elks. Arizona lodges banquet them at the Alexandria hotel tonight. Baltimore delegates were jubilant at having captured the 1916 grand lodge, defeating Atlanta by a big majority.

The finest Elk drill teams in the United States participated in exhibition maneuvers at Exposition park today. Olive street, between Seventh and Eleventh, was roped off and sprinkled with cornmeal for a monster dancing party scheduled to commence at 10 o'clock tonight.

Information for Lung Sufferers

The makers of Eckman's Alternative will be pleased to send reformers of recoveries from tuberculosis and a booklet of interest to sufferers with information about diet and fresh air. Investigate this case:—

"My Dear Sir:—For two years I was afflicted with hemorrhages of the lungs, and later I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1902, that I started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. I cannot speak too highly for the good it has done." (Abbreviated.)

(Signed) HOWARD L. KLOTZ.
Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, \$1; regular size, \$2. Sold by leading druggists. Write for booklet of recoveries.
Eckman Laboratory, Philadelphia.

PROPOSALS FOR ADDITION TO BRICK ASSEMBLY HALL.

Department of the Interior, Office of Indian Affairs, Washington, D. C., June 17, 1915. Sealed proposals, plainly marked on the outside of the sealed envelope: "Proposals for Addition to Brick Assembly Hall, Salem School, Oregon,"

and addressed to the "Commissioner of Indian Affairs, Washington, D. C.," will be received at the Indian Office until 2 o'clock p. m. of July 21, 1915, for furnishing materials and labor for the construction of an addition to the brick assembly hall, in strict accordance with the plans, specifications and instructions to bidders, which may be examined at the office of the paper or periodical in which this advertisement appears, the United States Indian School, Chemawa, Oregon. For further information apply to the Superintendent of the Salem School, Cato Sells, Commissioner.
